Dear Ministers,

After speaking to the Legal Team from the Minister of Defence, we find this has now become very much a racist problem.

Explain why is the Minister of Defence supporting the Ministry of Justice through the Treaty of Waitangi into the Maori Military Veterans Inquiry, under the wai 2500. This is only for Maori.

When did the Defence Department become racist. From my research into History I have never read that the battle fields in W.W.1 were only Maori.

How does Maori go to war as a British subject under the Treaty of Waitangi.

Could you tell me how many Maoris' were drafted in 1915.

Look forward to your response and have a great weekend.

Yours sincerely

Wayne Duggan
