Hi Peter,

Can you explain the aparent conflict between your ministry and the ministry of defence. This anomaly continues as a source of frustration.. The reason behind this, is because I've had dealings with the Minister of Defence and the Ministry of Defence, I'm unsure wheather this falls within your domain. You are aware of the parameters when dealing within Government Departments, it remains an on going concern of mine. Our exsisting concerns still require redress. We would appreciate your ongoing concern for this matter.

Kind regards

Wayne Duggan
