We are still waiting on the proof of the Legal Aid Specialist on his Historic documents on the reasoning for decline. This seems to be taking a long time, as we have an appeal on hold in regards to your paperwork.  
It seems to me you are withholding evidence, as we can not move forward till you produce the Historic documentation that backs up your allegations and the decision.  
Its been 6 weeks.  
Yours sincerely

We think that somewhere our wires have been crossed.  
We have asked for the Specialist adviser LSA for the historic documentation and their qualifications on how they came to their decision, on declining me, Under 10(4)(d)(i) of the Act.  
Instead of using laws to justify your actions,  
I would like to see your proof, including the historic documents to back up your decision.  
This is why we are using The OIA, and 26(a)(i) of the Privacy Act.

Your sincerely
