Att: Mr M R Harborow.

Patience is a virtue, we are still waiting on Mr M R Harborows Historic records, to back up his proof on his decision that was made on the 6/5/2015, I used the OIA.

What seems to be the problem in retrieving Mr Harborow Historic documents for me to view, on his decision in declining me. The appeal court seems to be getting a little in patience with me, as there is a time limit, this is taking a very long time. When your paperwork of the decision along with your Historic documents should have been at your finger tips, with a copy of all his Historic works, there should be a copy in my file as well. As history shows it, 100 years ago, the corruption was in full

swing, and I do beg your pardon, but not much has changed 😊😊😊 and I have very little faith in Government, in what they are capable of, as you would have read this in your research along with your Historic proof in what the Government is capable of doing. Why would their be a problem to release your historic documents under the OIA. " Does this have anything to do with what took place, 100 years ago with our Soldiers.

Yours sincerely
Tanya Peterson

Thank you for replying, but still waiting on the other matter to do with the legal aid specialist in how they came to their decision to decline us. So could we have the historic paper work to see how they came to that point.

Is the Tribunal trying to justify the paper work for the acts of Treason, against King George the 5th.

Look forward to your reply.

Yours Sincerely
Tanya Peterson
