Dear Jack,

Following up on my phone conversation that I had with you, dated the 25/11/2016, on that same day I e-mail you a copy of the Petition that was presented into Parliament along with the overview of the Petition that was read in front of the Primary Production Select Committee. You should realize how serious this claim is and how it affects many other Returned Servicemen. As you are a retired Servicemen, I would like to know where does the RSA loyalty lie, is it with the Crown or the Government.

If Government doesn't take these treasonous activities seriously and do not address these issues, is it not the Military's responsibility to step in on behalf of Her Majesty.

Yours sincerely

Wayne Duggan
