My name is Tanya Peterson I am the dranddaughter of Private William Magnus Peterson, who served with the 11th Mounted Rifles, then transfered to the 13th.

I have attached another copy, which I e-mailed to Ronald Miki Apiti in June, a petition to view, which is now in the hands of Winston Peters, to be presented by MP. Fletcher Tabuteau, into Parliament.

We need the full support from the members of the RSA in Wellington, as we are stronger in numbers. Our Government does not want to address these acts of Treason.

Can we publish our petition in your RSA Review a couple of weeks before it's presented.

This is the first claim of it's kind, which involves over 5,000 returned servicemen from W.W.1 on land ownership. This is where we really need your support.

I have attached revaluation on soldiers property, regards to soldiers accounts.

Look forward to your response.
