To the Speaker of the House

I, Tanya Peterson would like to bring this claim to your urgent attention:

Land claims are going through for the Taranaki King Country for Maori only. This is very racist from all Members of Parliament. All Sitting Members of Parliament would have been aware of our claim coming through as Soldier's claim, under the Discharged Soldier's Settlement Act of 1915, with Special Tenure, under the Land Act of 1908, Land Settlement Act of 1908, in the same area in question, Rangitoto Tuhua.

The Primary Production Select Committee, Ministry of Justice, Ministers of Parliament and the 121 Sitting Members have perverted the course of justice and are segregating and discriminating against my family, and showing no respect towards my 98 year old father WW1 Veteran, My Grandfather a Veteran served in both WW1 and WW11 and my great-grandfather McNeight whose only son, William George McNeight, also a Veteran with the NZ Expeditionary Forces, sacrificed his life, and my family fought for King and Country so that we can enjoy the freedom we have today.

Speaker of the House;

On behalf of my father and my ancestors as true pioneering Natives of our Country, it seems that Parliament is refusing to address our claim (which is uncannily similar to the land claims going through at present, under Maori Military Veteran's wai 2500 only.) Our land claim comes with the protection from His Majesty The King for our Returned Servicemen, under the Treaty of Waitangi as Natives, starting with my Grandfather, William Magnus Peterson on behalf of my father, Noel William George Peterson, under The Discharged Soldier's Settlement Act of 1915.

I have attached another copy dated the 13 July 2017 to All Sitting Members of Parliament, but have received no response. As Speaker of the House, your role is to address the documents showing Treason, which in turn led to illegal bankruptcy on Soldier's Holdings, by Government for financial gain.

Our documents have been provided as evidence of proof. Our Soldier's claim has been stopped in its' tracks so it can advance the Maori Military Veteran's claim's through the Treaty of Watangi. The Ministry of Justice today has committed Treason by changing the events of History in their report, dated 14/2/2017. The Solicitor General will not investigate the Treasonous Acts which impacted so hugely on our W.W.1 Veterans, nor will they investigate any other Government Department and Parliament. This has been raised on several occasions with supporting documents of proof.

Parliament needs to honour and respect the laws that were put in place to protect our heroes and their families, both past and present, without competition.  
It's time to return our Soldier's Land..

Your sincerely

Tanya Peterson
